

New London Local First
Presents
New London \$hares

New London \$hares is a high valued discount card. Why is it highly valued? Unlike coupons that are used once and tossed; or can only be used at a single establishment or restaurants only, New London \$hares can be used at a variety of businesses throughout New London. So, whether you are on the north, south, east or west side of New London chances are this card can be used for \$avings to you.

Here's what your card looks like. Simply show it at anyone of the businesses listed on the back side of this flyer and it's good for the discount shown.

You can use your card over and over. And it's free! You can obtain your New London \$hares at ALL participating members *and Neon Chicken.*
